Exhaustive Presto 06006 Multi-Cooker & Fryer Review

One of the highly demanded pressure fryers on the market today is [presto 06006](#). It is adored by users simply because it possesses so many features to provide. It is a multi-cooker and fryer. You can really use it for different cooking processes. This includes steaming, stewing, simmering, braising, roasting, boiling and of course, deep-frying.

Presto 06006 features a versatile basket complete with metal handle snaps on the rim. With this feature, this multi-cooker & fryer is very easy to drain after every use. This also makes it very easy to clean. A majority its components are dishwasher safe with the Control Master heat control removed.

Having a heavy cast aluminum base, this multi-cooker & deep fryer heats consistently. It also has a tempered glass lid and non-stick surfaces. Its handles can stay cool.

Presto 06006 multi-cooker & fryer also measures 10 1/5 inches x 8 2/7 inches x 10 2/5 inches. It weighs 5 ? lbs.

Users appear to be very happy about this multi-cooker and fryer from Presto 06006. When you think about it, they've every reason to be; after all, you don't require separate kitchen appliances or cooking receptacles when you can just have one. Aside from being space saving, it is also the practical choice. It is absolutely the top choice for those who have a very restricted kitchen space at home.

Presto 06006 even possesses a very high star rating when it comes to average customer reviews. It has a high 4.1. That's actually a lot higher as compared to other fryers on the market. For the cost, it is very inexpensive at \$30 to \$45. That's really hard to beat.

All in all, Presto 06006 multi-cooker and fryer is truly an excellent cooking unit to have. It can surely do wonders to your cooking. Considering the high star ratings and the really cheap cost, there's nothing to not like about this pressure fryer. Keep in mind that when you fry food, deep fryers don't{do not} consistently offer the best tasting results. Merely a pressure fryer can do that. However, if you can get a unit that doesn't just fries food but also stews, steams, braises, roasts and boils ñ that's really something else.

Getting a [pressure fryer](#) today like the Presto 06006 multi-cooker & fryer can be absolutely time consuming, especially since there are literally lots to select from on the market ñ even on the Net. It is why it's vital to be up-to-date with the newest released brands / models being produced from time to time. There's no greater way to find out more about products than to read reviews and posts about it. This is the most ideal way you can guarantee that you'll be purchasing something that you can use; that can last; and one that will offer great tasting results. If you're not contented with the reviews, you can also join forums to directly ask people what they think about particular brands / models of pressure fryers on the market. There are also message boards that can prove to be very handy.
